Vimenti is an integrated service center for the whole family which offers programs and services in the educational, social and economic areas. It uses the model of service in two generations (2Gen) to provide opportunities for development and economic security both to children, youth and adults as well as to their parents as a whole.

**Our mission is to eradicate child poverty in Puerto Rico.**

**Our vision is to create an evidence-based model that provides support, skills, and experiences for our children and their families to achieve financial security.**
